### eSanjeevaniOPD, 12 Months

**Technology used:** - Swift, MVVM, Twilio(for video calling), XCTest

National Teleconsultation Service of Ministry of Health and Family Welfare is first of its kind online OPD service offered by a country government to its citizens. National Teleconsultation Service aims to provide healthcare services to patients in their homes. Safe & structured video based clinical consultations between a doctor in a hospital and a patient in the confines of his home are being enabled.

eSanjeevani - a doctor to patient telemedicine system has been deployed nationally for the Ministry of Health & Family Welfare under Ayushman Bharat Scheme of Government of India.
